

## **Greater London Scout Region**

**'Providing Quality Scouting to London's Young People Each Week'**

News Release – February 2008

Twenty four adult members across London Region have been recognised for their outstanding service to Scouting with a very special award, unique to Greater London Scout Region. The adults were nominated by their respective County Commissioners for their commitment and service to Scouting in their County and will attend a special awards presentation hosted by Greater London Region on Monday 14 April 2008 at the Sunborn Yacht Hotel in Docklands. Presenting the awards to the worthy recipients will be Mr. Jack Petchey OBE and Regional Commissioner for Greater London Scout Region, Mr. Dean Milton.

Commenting on the event, Regional Commissioner Dean Milton said, "It is a honour and a pleasure to be making these very special awards to twenty four of our adult volunteers for their outstanding and exceptional commitment and service to London's young Scouts. We truly value the contribution our adult leaders make by enriching the lives of so many young people every week. The work of an adult in Scouting can be at times quite demanding however seeing how young people progress through Scouting is in itself, so rewarding. Along with Mr Jack Petchey, I look forward to presenting each of the adults with their special 'Regional Appreciation Certificate' later in April. Congratulations and well done once again to everyone receiving an award."
